

# Sleep

## 'Til Tuesday

You are on your honor  
Now be on your way  
I'll be right behind you  
You can hear me say Sleep  
Close your eyes, say goodnight now  
He is waiting  
Sleep  
Close your eyes, say your prayers now  
He is waiting Thought you'd live forever  
Thought you'd never die  
I am so familiar  
With each lonely cry  
Oh, baby, don't cry Sleep  
Close your eyes, say goodnight now  
He is waiting  
Sleep  
Close your eyes, say your prayers now  
He is waiting Thought you'd live forever  
Thought you'd change your mind  
Oh, when you get to heaven  
Tell me what you find  
Peace of mind, I hope Sleep  
Close your eyes, say goodnight now  
He is waiting  
Sleep  
Close your eyes, say your prayers now  
He is waiting Sleep  
Close your eyes, say goodnight now  
He is waiting  
Sleep  
Close your eyes, say your prayers now  
Oh, I'll be waiting Say goodnight  
You're not forsaken  
Say goodnight  
He's waiting Say goodnight  
You're not forsaken  
Say goodnight  
He's waiting
