Gang Control

LeftoÌˆver Crack

I'm being hunted by paleface in blue
These cracker spooks are haunting you too
With municipal shovels they're digging our graves
Under threat of reprisal we invite to enslavePolicia, policia; why can't you see
Your bullets will never pacify me
I dont fight the world; the world fights me
Cause the gang in control is the fucking PD(That's right)Fuck the police they're gang control
We've gotta take it back
Everyone get up and let's goYour politrix are politi-kill
I'll take the bullet to prove that you kill
You front the facade of the "righteous man"
But the hole in your heart puts a gun in your handProtecting the money and out serving the state
Crushing the people with the laws they create
Nothing forgotten and nobody saved
You can not break me, force me to behave(All right)
(Your right)Fuck the police they're gang control
We've gotta tear it down
Everyone get up and let's go
around the globe it's outta hand
from the states out to iran
across the ocean and back again
England, Zaire and JapanFuck the police they're gang control
We've gotta tear it down
Everyone get up and let's goindividuals who hate man
with king's license to clean the land
fill the already one way laws
around the world to suit their cause
