Hep Cat's Love Song

Cab Calloway

When I hug ya
You stay hugged
When I dig ya
You stay dug
When I kiss you, baby
Everybody knows that I'm wild about youWhen I love ya
I love ya strong
When you kiss me, you can't go wrong
When I hold you, baby
Everybody knows that I'm wild about youYou may say that I'm jivin'
But it's you that I'm thinkin' of
It's not imagination or infatuation
It's just plain, everyday loveI'm a schoolboy
From the sticks
When I'm with ya
I get my kicks
You're a sender, honey
Everybody knows that I'm wild about you
