

# Hep Cat's Love Song

**Cab Calloway**

When I hug ya  
You stay hugged  
When I dig ya  
You stay dug  
When I kiss you, baby  
Everybody knows that I'm wild about you  
When I love ya  
I love ya strong  
When you kiss me, you can't go wrong  
When I hold you, baby  
Everybody knows that I'm wild about you  
You may say that I'm jivin'  
But it's you that I'm thinkin' of  
It's not imagination or infatuation  
It's just plain, everyday love  
I'm a schoolboy  
From the sticks  
When I'm with ya  
I get my kicks  
You're a sender, honey  
Everybody knows that I'm wild about you
