

# Waiting for the Night

## Journey to Nowhere

I'm waiting for the night to fall  
I know that it will save us all  
When everything's dark  
Keeps us from the stark reality  
I'm waiting for the night to fall  
When everything is bearable  
And there in the still  
All that you feel is tranquility  
There is a star in the sky  
Guiding my way with it's light  
And in the glow of the moon  
Know my deliverance will come soon  
I'm waiting for the night to fall  
I know that it will save us all  
When everything's dark  
Keeps us from the stark reality  
I'm waiting for the night to fall  
When everything is bearable  
And there in the still  
All that you feel is tranquility  
There is a sound in the calm  
Someone is coming to harm  
I press my hands to my ears  
It's easier here just to forget fear  
And when I squinted the world seemed rose-tinted  
And angels appeared to descend  
To my surprise with half closed eyes  
Things looked even better than when they were opened  
Been waiting for the night to fall  
I knew that it would save us all  
Now everything's dark  
Keeps us from the stark reality  
Been waiting for the night to fall  
Now everything is bearable  
And here in the still  
All that you feel is tranquility
