

# Notoriety

## The Power Station

You say I never pay attention  
What makes you think I look the other way?  
You let me be the judge  
I don't believe what they say

Your name came up in conversation yesterday  
My best bet was to feign indifference  
You've got an awful reputation by the way  
The table made a joke at your expense  
Didn't believe a word  
I don't believe what they say  
It smacked of jealousy  
I know it's only notoriety

My reputation might precede me baby  
Forget the rumors and the hearsay  
You think I never pay attention to you  
I guess you think I look the other way  
I don't care what you've heard  
Why d'you believe what they say?  
I'll come to your defense  
You know it's only notoriety

To hell with our outrageous fortune baby  
We've got a sea of troubles in our sights  
We don't need recklessness or caution  
To catch the gossip-mongers dead to rights  
Let them all speculate  
They ain't got a clue anyway  
Just use your common sense  
You know it's only notoriety

Hear no evil and speak no evil  
See no evil lest it come your way
