Hooverphonic

Tell me baby, tell me where did you sleep last night
I heard noises in the cupboard were you trying to hide
'Cause you should know how much I hate this
If you were I'll hit your hiding place until sunrise
[Incomprehensible]I'm falling in love
[Incomprehensible]I'm falling in love
'Cause I need your loving
Everyday and every night
[Incomprehensible]I'm falling in love
Tell me baby where did you sleep last night
I heard noises in the cupboard were you trying to hide
'Cause you should know how much I hate this
If you were I'll hit your hiding place until sunrise
[Incomprehensible]I'm falling in love
[Incomprehensible]I'm falling in love
'Cause I need your loving
Everyday and every night
[Incomprehensible]I'm falling in love
