

# Love Slayer (Boltcutter remix)

Joe Jonas

I came to do my dance  
I'm 'bout to touch the town  
I came to lift my hands  
I came to shut this thing down I came to do my dance  
I came to touch the town  
I came to lift my hands  
I came to shut this thing down, down, down Love slayer, causing nothing but trouble, babe  
And I want more of it  
Love slayer, causing nothing but trouble, babe  
And I think I love it She's a killa! Straight up, no feelings, uh-huh  
If you ain't heard about here, she's a stone cold dream stealer, uh-huh  
Love slayer, most likely I'll be on my worse behavior, oh ooh  
She'll love you up all night but I'm ready to stay up  
I just came to! I came to do my dance  
I'm 'bout to touch the town  
I came to lift my hands  
I came to shut this thing down Love slayer, causing nothing but trouble, babe  
And I want more of it  
Love slayer, causing nothing but trouble, babe  
And I think I love it Hear, banger  
Better beware of danger, ahhh  
I hope you like getting on the wild side, cause she's no stranger  
Love slayer, most likely I'll be on my worst behavior, oh ooh  
She'll love you up all night but I'm ready to stay up  
I just came to! I came to do my dance  
I'm 'bout to touch the town  
I came to lift my hands  
I came to shut this thing down Love slayer, causing nothing but trouble, babe  
And I want more of it  
Love slayer, causing nothing but trouble, babe  
And I think I love it And all of my friends, they tried to warn me  
They told me she would haunt me  
But I gotta be, yeah, I gotta be,  
I gotta be the life of the party  
Told my friends that she won't hurt me,  
I'm in control, don't worry  
She's known to be, she's known to be,  
Yeah, She's known to be a Love slayer, causing nothing but trouble, babe  
And I want more of it

Love slayer, causing nothing but trouble, babe  
And I think I love it I came to do my dance  
I'm 'bout to touch the town  
I came to lift my hands  
I came to shut this thing down
