

Tryin' to Win

Peter, Paul & Mary

You know it's hard to love another man's girlfriend
You can't see her when you want to
You gotta see her when you can
We may be fighting a losin' battle
But havin' a lotta fun tryin' to win. I thought it over from these points of view
One way love ain't no good for two.
We may be fighting a losin' battle
But havin' a lotta fun tryin' to win. Here's my confession baby, I want you to take heed
From this day on darlin' you can do anything you please. I asked my baby should I go away
Your man wants me to leave
Do you want me to stay?
We may be fighting a losin' battle
But havin' a lotta fun tryin' to win. Here's my confession baby, I want you to take heed
From this day on baby you can do anything you please. I asked my baby should I go away
Your man wants me to leave
Do you want me to stay?
We may be fighting a losin' battle
But havin' a lotta fun tryin' to win. We may be fighting a losin' battle
But havin' a lotta fun tryin' to win.
We may be fighting a losin' battle
But havin' a wonderful time, wish you were here!
