Squirrel World

Zanilonia

Squirrel World in the tree
Running fast, running free
Squirrels jump, branches swing
Up the trunk, small claws cling in squirrel world

They'll eat your house from the top on down
Leaving splinters on the ground
Scratching up the electric meter
Crashing down the yard bird feeder

Squirrel world on the roof
Cross the eaves and loop the loop
Squirrels chase, hide and seek
Over tiles and up the peak in squirrel world

Clawing tearing through the rafters
Like some drunken morning after
Chomping, chewing as they chatter
Hear the sound of evil laughter

Crashing, thumping in the attic
Crazed obnoxious acorn addicts
Gnawing holes in boards and borders
Creepy uninvited hoarders

Furry squirrels, hurried squirrels, worried squirrels, nervy squirrels...
Furry furry hurry hurry worry worry nervy nervy...
Furry hurry worry scurry...
