

Lil' Hipster Girl

Lmfao

Uh, check it out
1, 2, 3
In the place to be
As it is plain to see
Rock shit, grab my dick
Walk up in, banana split
Yes shirt, yellow, purple
Body rockers in the circle
I gots to show some love at the AM ladies in the place
I say, "What up?", he said, "Oh, yeah" and then I see her face
She's the cutest I've ever seen in my life, my life
The way she clicked her heels and threw her fist in the sky, two times
Drink mode, freak mode
Takin' a seat is obsolete-lete-lete-lete
Freak a nice booty to the beat, beat, beat
Two step, bump 'n' grind, fancy footwork all the time
I break dance in this place
Back spin, hoes
That's when I see her face
Uh, check it out
1, 2, 3
In the place to be

As it is plain to see
She was the cutest I've ever seen in my life, my life
The way she clicked her heels and threw her fist in the sky, two times
She's the cutest thing in the world
She's my lil' hipster girl (x3)
Uh, check this out
1, 2, 3
In the place to be
As it is plain to see
He is DJ Run
And I am DMC
Funky fresh from 1983
DJ Jam Master Jay
inside the place with all the b****
He leaves without a trace
And he came here tonight to get on your case

And we are
the krush grooving
the body-moving
The record making AND the record breaking
And it goes a little somethin like this..
