

Hey Cutie

Soulja Boy

Supersexy
Girl I believe you can fly
But you have to spread your wings
Tell her I'm gonna take my...
Shorty wanna know if this is true
That I'm gonna do what it do with her
Get unpredictable
DJ won't you gonna play this song I love so
Get ready like
I like how you move
Get out of life
I had to wait
Zip it while we tell her

She's supersexy
It takes no one to tell me why
I can't keep you off my head
Listen baby
You don't need to be in a magazine
Listen baby
You're the one... me
Super sexy
You are good to me
Model
Rescue me
Super sexy
You make me safe
Come and rescue me [repeats]
