Hold My Hand

UNKLE

Hold my hand
I need you now
Slow me down
I don't know how

Hold my hand
I need you now
Slow me down
I don't know how

Are you living the feeling?
The highs, are they worth seeking?
Nothing's like believing
Are your drugs healing?

Hold my hand
I need you now
Slow me down
I don't know how

Hold my hand
I need you now
Slow me down
I don't know how

Are you really living?
Or do you seek loving?
Are you happy being?
Or do you search for meaning?

Are you ever asking
Questions, they need answering
You're not really hearing
You really need releasing

A million pieces broken
A million secrets unspoken
A million pieces broken
A million secrets unspoken

Hold my hand
I need you now
Slow me down
I don't know how

Hold my hand
I need you now
Slow me down
I don't know how

Dirty games
Na-na-naa
Dirty games
Na-na-naa

Secrets everywhere
Secrets everywhere
Secrets everywhere
Dirty games
Na-na-naa
Secrets everywhere
Dirty games
Na-na-naa
