

Dreamin of Love

Stevie B

I don't know what happened to the love we shared
Don't go, sometimes I think it's just not fair
I know the pain I feel inside my heart I wish I'd known it from the start
That you would come and break my heart
I can't hold back these tears in my eyes
The feeling of pain inside me 'Cause I'm dreaming of love, thinking of you
Remembering times that we once shared
Dreaming of love, thinking of you
And knowing someday you'll come back to my life I try to love but it just don't feel the same
Our love was once in a lifetime, I'll take the blame
God above, hear my prayer, bring her back to me I wish I'd known it from the start
That you would come and break my heart
I can't hold back these tears in my eyes
The feeling of pain inside me 'Cause I'm dreaming of love, I am dreaming of love I don't know, why did you
leave me all alone
Our love was once in a lifetime, I'll take the blame
Now, I know, the love I feel inside my heart I wish I'd known it from the start
That you would come and break my heart
I can't hold back these tears in my eyes
The feeling of pain inside me 'Cause I'm dreaming of love, thinking of you
Remembering times that we once shared
Dreaming of love, thinking of you
And knowing someday you'll come back to my life
