

# Girl Like You

## Hartfield

I've been waiting for a girl  
Waiting for a girl  
Waiting for a girl like you  
I'm just standing 'round  
Waiting for a girl  
Hanging 'round for a girl like you  
You standing in a queue  
Walking through the Louvre  
With your mother  
Hi, took me by the eye  
You caught me in the hang  
Undercover  
I've been waiting for a girl  
Waiting for a girl  
Waiting for a girl like you  
I'm just standing 'round  
Waiting for a girl  
Hanging 'round for a girl like you  
Show someone how to grow  
Make a garden be out of nothing  
You beating at the moon  
Barking up a tree, stark running  
I've been waiting for a girl  
Waiting for a girl  
Waiting for a girl like you  
I'm just standing 'round  
Waiting for a girl  
Hanging 'round for a girl like you  
Living in a rocky world  
Listen to the mockingbird  
Listen when your mama says  
"Baby come home, real home"  
I've been waiting for a girl  
Waiting for a girl  
Waiting for a girl like you  
I'm just standing 'round  
Waiting for a girl  
Hanging 'round for a girl like you  
I've been waiting for a girl

Waiting for a girl  
Waiting for a girl like you  
I'm just standing 'round  
Waiting for a girl  
Hanging 'round for a girl like you
