Cry 4 You

Lasgo

Its cold outside,but not as cold as all your lies
No need to hide the truth is in your eyes
You broke my heart
I dont know why youre so cruel
Right from the start youve played me like a fool
Just give it up,cos i have enough
Im not gonna cry 4 you or standing in the rain
Im not gonna waste my tears cos youre not worth to pain
I will making on my own,so just leave me alone
Dont think i will take you back again
Somehow i knew that you were holding something back
I felt so and too afraid to act
You had me good
To use your friends as
You tought i would, just lay down and die
Guess youre wrong cos im moving on
Im not gonna cry 4 you or standing in the rain
Im not gonna waste my tears cos youre not worth to pain
I will making on my own , so just leave alone
Dont think i will take you back again
Im not gonna cry 4 you or standing in the rain
Im not gonna waste my tears cos youre not worth to pain
I will making on my own , so just leave alone
Dont think i will take you back again
