

Will This Be The Day

[Diana Ross](#)

With a child's heart
Go face the worries of the day
With a child's heart
Turn each problem into play

No need to worry
No need to fear
Just being alive
Makes it all so very clear

That's with a child's heart
Nothing can ever get you down
With a child's heart
You've got no reason to frown

Love, love is welcome
As a sunny, sunny day
No grownup thoughts
To lead our hearts astray

Take life easy
Easy like a child
So gay and care free
Yeah

Love, love is welcome
As a sunny, sunny day
The whole world smiles with you
As you go your own merry way

'Cause with a child's heart
Nothing can ever get you down
With a child's heart
We've got no reason to frown
