

My Baby

Young Thug

[Hook]

Okay lil mama sharp with a razor
Okay lil mama fresher than a blazer
No way, I cannot fuck it in the anus
Hey yeah, baby we get kurt, no Angle
And I got stripes like a bengal
And I can send 'em from every angle
Holy ghost with an angel
Holy moly my lingo
I'ma stand up right beside my baby
If a pussy nigga play he might get dropped by my baby
Shoulda never tried my baby
No heat no, now we multiply, my baby
Hurry up inside of my baby
It's simple decidin' that they're lyin', my baby
Hop it up and ride with my baby
New Rollie for my child and my baby[Verse 1]
Like you always wanted
Thugger, baby I want your top, head
My diamonds are goin' dumb, spit
Inside your mouth like gum
Experiment, [?], got creds on a bitch
I'll buy her mink, not trench, I'm a pimp
Big racks got me walkin' with a limp
Buyin' Rollies on Rollies like I'm Flavor Flavor's shrimp
Versace cover, roll that bitch up like some weed
She want that [?] like an [?]
I got more [?] than a Captain D's
Baby don't pull it out of your teeth
We go shoppin' in Bahamas for the beach
Take off in car but I need orders for me
And I'ma beat that pussy, concrete
Like a mothafuckin' street
I'ma feed her my milk
Every time I feel tired, I need three hoes like a help
You're a ho, ho, ho, don't care I'ma keep it all to myself
Tie my ties on your belt
[?]
I heard someone's [?] walked in and said[Hook]

Okay lil mama sharp with a razor
Okay lil mama fresher than a blazer
No way, I cannot fuck it in the anus
Hey yeah, baby we get kurt, no Angle
And I got stripes like a bengal
And I can send 'em from every angle
Holy ghost with an angel
Holy moly my lingo
I'ma stand up right beside my baby
If a pussy nigga play he might get dropped by my baby
Shoulda never tried my baby
No heat no, now we multiply, my baby
Hurry up inside of my baby
It's simple decidin' that they're lyin', my baby
Hop it up and ride with my baby
New Rollie for my child and my baby[Verse 2]
Eli Manning, Peyton Manning throwin' dick in that hole
She told me that she love the way I dress, like a person I'm a boy
I made the chart
And like Wayne, baby it's all at the start
Girl I'm just startin' with that pussy
[?] pussy
You'll have me slide in when you're lookin'
Big ole' round booty soft as cushion
Stop talkin', pussy nigga, you a wussy
[?] he might be bookin'
Sprayin' my cologne now we smell just like some cookies
And if you suck that dick, don't [?] my [?] or else I'll mush it
[?]
Got a room full of big booty bitches, it's my prime
[?]
I throw some ones, baby catch it like the swine
I fill my truck up with nothin' but that diesel
I let that MAC 95 rain just like a Bieber
Y'all livin' cheaper, nigga this the sequel
I'm laughin' at these pussy niggas like a hyena
