## Raging Speedhorn

Death only through the eyes of your mind  
Watching no one  
Slowly turning around  
Disrespectful  
This is no one clear  
Distant hearing  
Death only because I'm wrong  
Fucking whore REPEAT CHORUS Kill the insane (x2) You always let me fall astray  
So love will fear all  
How many lies will you tell today  
Distant vision  
Your lonely eyes were so thoughtful then  
Lethal hearing  
'Cause your side was dominant  
Your fear for fear REPEAT VERSE 1 REPEAT CHORUS
