

Life is Suffering

Deerhoof

If there's dancing all night long
Singing songs
If there's dancing all night long Note my screams of joy
Higher and higher and higher
Note my screams of joy
Higher and higher and higher Life is suffering man
Life is suffering man
Higher and higher and higher Learning, searching in the night
What is right?
Learning, searching in the night I have risen and I cannot get down Note my screams of joy
Higher and higher and higher
Note my screams of joy
Higher and higher and higher Life is suffering man
Life is suffering man
Higher and higher and higher
