

# Place Out On The Ocean

**Jamey Johnson**

Hangin' with the two-bit ladies, soakin' up the Florida sun

Ridin' in a new Mercedes

Wondering if I ever did anything to have this much fun

I hope I'm sane by the time I'm done 'Cause it's a different horizon

It's a paradise I find that sets me loose, ain't it the truth

It's a place out on the ocean, it's a mansion with a view

But all that I can think about is you I been riding down a two-lane highway for pretty much all of my life

Trying to do things my way

Wondering if I'll ever get anywhere but where I came from

I hope I'm sane by the time I'm done 'Cause it's a different horizon

It's a paradise I find that sets me loose, oh ain't it the truth

It's a place out on the ocean, it's a mansion with a view

But all that I can think about is you
