

Hellyeah!

Claddath

Fuck the norm, I cant understand
Live my life by the rules of no one
I am me, that cant be wrong
I do what I do, when I do, thats how I like itConformity, amputate my soul
Made of stone, smashed the mold
Indifferent, so fuck you all that
Whine, bitch, nag, complain, cryIf ya dont give a shit, ya getcha hellyeah
Throwin fists in the pit, ya getcha hellyeah
Think youre fuckin with this well, hell no
Balls, volume, strength getcha, come onDrinking beer smoking weed, ya getcha hellyeah
Gotta bruised attitude, ya getcha hellyeah
Think youre fuckin with this well, hell no
Balls, volume, strength getcha, come onFuck you all, that wont understand
Be a man, no more and no less
Im just me, no matter what you say
I am, who I am , what I am, thats how I like itTypical fucking lifeless clones
My attitude, embrace my own
I dont care, so just walk away and live your
Dull, dead, bland, boring lifeIf ya dont give a shit, ya getcha hellyeah
Throwin fists in the pit, ya getcha hellyeah
Think youre fuckin with this, well hell no
Balls, volume, strength getcha, come onDrinking beer smoking weed, ya getcha hellyeah
Gotta bruised attitude, ya getcha hellyeah
Think youre fuckin with this, well hell no
Balls, volume, strength getcha, come onDont give a fuck and dont think I ever will
For the prim and the proper its a shallow jagged pill
Dont really care if you like me
I just hold up my drink and get my hell, yeahSo point your fingers and throw your stones
Ill be smokin and drinkin and breaking fucking bones
To all you fuckin people thinking youre better than me
I hold up my middle finger and give my hellyeahIf ya dont give a shit, ya getcha hellyeah
Throwin fists in the pit, ya getcha hellyeah
Think youre fuckin with this, well hell no
Balls, volume, strength getcha, come onDrinking beer smoking weed, ya getcha hellyeah
Gotta bruised attitude, ya getcha hellyeah
Think youre fuckin with this, well hell no
Balls, volume, strength getcha, come onHellyeah, got your whiskey and weed
Hellyeah, balls, volume and strength
Hellyeah, hellyeah, hellyeah

Hellyeah, hellyeah
