

Reset

Take 6

Reset

(Doowop)

Yeah

Reset Don't like what I see when I look in the mirror

Even harder to deal with the choices I make

What's the point of trying again (I don't know)

Feels like I will never win

Kind of hard not to feel like a huge mistake, no

Life's going crazy

Can't someone save me from these choices I'm making

Before I lose my mind

If you're back you're winning

All there is left to do is reset (reset)

You can start over, over

If it's making no sense

Sometimes your only move is reset (reset)

You can start over

Reset Well it feels like the walls closing in on me

But I know my life ain't as bad as it sometimes seems (yeah)

Sick and tired of getting by

Someday I'm going to fly

Until that time comes I'll be waiting patiently, oh yeah

Life's going crazy

Can't someone save me from these choices I'm making

Before I lose my mind

Ooh, no

If you're back you're winning

All there is left to do is reset (reset yeah)

You can start over, over

If it's making no sense (it makes no sense)

Sometimes your only move is reset (no no, reset)

You can start over (reset, reset, start over)

Reset

If you're back you're winning (out to)

All there is left to do is reset (reset yeah)

You can start over, over (reset)

If it's making no sense (no sense)

Sometimes your only move is reset (reset)

You can start over (start over)

Reset
It's never too late to start again (never too late to start again)
There's a whole new whole world
(yeah, there's a whole new whole world, whole new world before you)
Waiting to begin
All you got to do is reset
If you're back you're winning (yahoo)
All there is left to do is reset (reset, oh)
You can start over, over (over yeah)
If it's making no sense (making no sense)
Sometimes your only move is reset (reset)
(just reset)
You can start over (oh, yeah)
Reset
If you're back you're winning (I'm doing)
All there is left to do is reset (reset)
You can start over, over (over and over and over again)
If it's making no sense (ooh, yeah)
Sometimes your only move is reset (reset)
You can start over (over again)
Reset
