

Penduli Pendulum

Bobbie Gentry

Penduli pendulum
Swing around, beat the drum
In July, I'll deny
The illusion I'll be gone, beat the drum
There I go, here I come
And goodbye means good try
No conclusion Pendulum
Like perfect rhyme
Always in predicted time
Penduli when will I learn
Departure means a sure return Slice the pie, leave a crumb
What have I now become
When the lie is just some
Sad inducement
