The Way The World Works

Pixie Lott

Give me just a little break
Ain't no more that I can take
I am asking for the planets to align
Calling on the universe
Maybe once, just put me first
Give me what I need or give a little sign
Nothing plays out like it should
And nothing does me any good
'Cause I'm missing you, it's making me cry
Ooh, I know it's turning
Inside I'm burning
I'm so tired of the way the world works
I'm so tired of the way the world works
They conspire trying to keep this apart
Nothing ventured, nothing gained
I don't mind a little pain
But enough's enough
But does the heart grow fonder?
Will I wait here on ya?
Baby, how much longer?
Ooh, I know it's turning
All I am learning is

I'm so tired of the way the world works
I'm so tired of the way the world works
They conspire trying to keep this apart
There's so much in life that's undecided
There's so much trouble that's uninvited
And only so much you can control
What are the voices that try and tease us
I wish the voices would just release us
I haven't seen you in forever, ever, ever, ever
Ever, ever, baby
Hey, hey, give me just a little break
Hey, hey, ain't no more that I can take
Hey, hey
They're trying to keep us apart
I'm so tired of the way the world works
I'm so tired of the way the world works

They conspire trying to keep this apart
I'm so tired of the way the world works
I'm so tired of the way the world works
They conspire trying to keep this apart
