

Tribes Of The Future (The Future's Uncertain Mix)

[Helalyn Flowers](#)

We are dust - We are rain
The choice that no one has the courage to make
We are the people of the urban attrition
Generation of the virtual emotions
Born aside the collapse of your system
No regrets No remorse
Not your victims Tribes of the future
Tribes of tomorrow
Sons of collapsing time
Wireless survivors We are life - We are mess
The deeper calling of your inner excess
We are the people of the urban attrition
We are the miracle of human affliction
Generation of arsenical essence
Resurrection of a tribal resistance
Born aside the collapse of your system
No regrets No remorse
Not your victims Tribes of the future
Tribes of tomorrow
Sons of collapsing time
Wireless survivors We're tribes of the future
React now before it's too late
Re-Act-Now!
