

Couldn't Get High

Slightly Stoopid

I've got new sunglasses
And i've got backstage passes for y'all
Girls with fine asses
Yeah oh yeah
Sunshine, girlies and money
What it takes to get me on a roll
Some call me mr. soul I went to this party the other night
Said i want to feel what my brain had felt like
I grabbed my bottle and i start drinkin' wine
I thought pretty soon that i would be feelin' fine
But no i couldn't get high
Oh no
And then I couldn't get high
Oh no
And then i dont know why Threw down the bottle and then i whipped out my pipe
Stuffed it full of goodies and then i gave that shit a light
I huffed and i puffed
good lord i smoked and i choked
I smoking for so long
Until my heart was nearly broke
Because i couldn't get high
Oh no
And then i couldn't get high
Oh no
And then i try i tried I threw down the pipe
Just as pissed as i could be
Gobbled down a mound of some LSD
I waited and i waited for my body to zing
I waited i waited but not a fucking thing
Because i couldn't get high
Oh no
And then i couldn't get high
Oh no
Lord i dont know why
