Love You Like I Do

Stryper

You've only see just a glimpse on me
(So you just can't leave me now)
I want to show you the world I see
(But you just can't leave me now)
I've got it all what you want you need
(But you just can't leave me now)
(Chorus)
No one will love you like I do
If only you you'd just believe that
No one will ever look at you
The way that I do - Love you like I do
I carried you when you could not walk
(Tell me why would you leave me now?)
I was your voice when you could not talk
(So why would you leave me now?)
We're almost there. With a little to bear
(But you just can't leave me now)
(Chorus)
No one will love you like I do
If only you you'd just believe that
No one will ever look at you
The way that I do (Oh No)
No one will ever love you - the way that I do
No one will love you like I do
No one could ever love you
No one will ever look at you.
The way that I do
No one will love like I do. Yeah Yeah
No one will ever look at you.
No one could ever look at you
Love You Like I Do
