

# Two Suns in the Sunset

## Pink Floyd

In my rear view mirror the sun is going down  
Sinking behind bridges in the road  
I think of all the good things that we have left undone  
And I suffer premonitions, confirm suspicions  
Of the holocaust to comeThe rusty wire that holds the cork  
That keeps the anger in gives way and suddenly it's day again  
The sun is in the east even though the day is done  
Two suns in the sunset could be the human race is runLike the moment when the brakes lock  
And you slide towards the big truck  
(Oh no)  
You stretch the frozen moments with your fearAnd you'll never hear their voices  
(Daddy, Daddy)  
And you'll never see their faces  
You have no recourse to the law anymoreAs the windshield melts my tears evaporate  
Leaving only charcoal to defend  
Finally I understand the feelings of the few  
Ashes and diamonds, foe and friend  
We were all born equal in the end
