

Moving In the Dark

Neon Trees

Started in the morning
My head was getting hazy
Couldn't keep my feet on the ground
She was makin' love to the
Mirror in the bathroom
Didn't hear me talkin' out loud
Bubblegum, lipstick, Baby's got me nervous
Somethings got a hold of my feet
You just wanna go
Where your problems won't follow
Baby that's okay with me Set fire with just a little spark
that's how it goes when you're moving in the dark
Set fire with just a little spark
That's how it goes when you're moving in the dark Got no money still
ain't that cool
I'm the little punker who's kissing you
Forget what you heard about modern love
She's still in the mirror honey
Fixing her mug and I'm like Set fire with just a little spark
That's how it goes when you're moving in the dark Live fast, it's a feeling not an art
Just how it goes when you're moving in the dark Kids kiss, statuesque out in the street
I didn't really wanna be part of your scene
Messed up
All the same
Kids in my city
It's less about what you say and more looking pretty
And I'm like Set fire with just a little spark
That's how it goes when you're moving in the dark
Live fast it's a feeling not an art
Just how it goes when you're moving in the dark Started in the morning my head was getting hazy
Couldn't keep my feet on the ground
She was makin love to the mirror in the bathroom
Didnt hear me talkin out loud
Bubblegum, lipstick, Baby's got me nervous
Something got a hold of my feet
You just wanna go where youre problems won't follow
Baby that's okay with me.
