

# Fever

## Billie Jo Spears

I am not a beauty queen, traveling in a Limousine  
I'm a girl but don't call me baby  
Who the fuck is VIP? Live a life in luxury  
I don't care so just call me crazy  
Can you give it out?  
Don't stop, just take it to the limit  
Watch me boy, it's spinning around this time  
Hush, hush, running to the night, feel alive  
I just can't get enough when I'm with you  
'Cause your fever makes me feel so good  
Turn it up, boy, you make your move  
See I'm burning but it feels so good  
Can't get enough when I'm with you  
You got fever but it feels so good  
Turn it up, baby, make your move  
Keep me burning 'cause it feels so good  
I don't need no superman, trying to tell me who I am  
Know it all's a driving me crazy  
Nothing ever is for sure, I can't take this anymore  
All I want is yes or no, baby  
Can you give it out?  
Don't stop, just take it to the limit  
Watch me boy, it's spinning around this time  
Hush, hush, running to the night, feel alive  
I just can't get enough when I'm with you  
'Cause your fever makes me feel so good  
  
Turn it up, boy, you make your move  
See I'm burning but it feels so good  
Can't get enough when I'm with you  
You got fever but it feels so good  
Turn it up, baby, make your move  
Keep me burning 'cause it feels so good  
It's so hot, do it, do it real good  
Can't stop, do it, do it real good  
It's so hot, do it, do it real good  
Can't stop, do it, do it real good  
It's so hot, do it, do it real good  
Baby, you have fever

Can't stop, do it, do it real good  
Baby, you got fever  
It's so hot, do it, do it real good  
Baby, you got fever  
Can't stop  
I just can't get enough when I'm with you  
'Cause your fever makes me feel good  
Turn it up, boy, you make your move  
See I'm burning but it feels so good  
Can't get enough when I'm with you  
You got fever but it feels so good  
Turn it up, baby, make your move  
Keep me burning 'cause it feels so good
