Keep Your Dreams

Primal Scream

I believe that sinfulness
Can burn your soul away
There's no release from nothingness
When love has gone awayStarkest ice age, you will rust
Time will turn your bones to dust
Alchemist turn lead to gold
Keep your dreams, don't sell your soul
Be carefulI believe in forgiveness
Hate will eat you whole
Bad blood, a lifelong curse
You've got to let it goStarkest ice age, you will rust
Time will turn your bones to dust
Alchemist turn lead to gold
Keep your dreams, don't sell your soul
Be carefulI'm going down to the underground
I'm going down to the undergroundAs deep as I can go
(I'm going down to the underground)
As deep as I can go
(I'm going down to the underground)
As deep as I can go
(I'm going down to the underground)
(Deep as I can go)As deep as I can go
(Deep as I can go)
As deep as I can go
(Deep as I can go)As deep as I can go
(Deep as I can go)
As deep as I can go
(Deep as I can go)
As deep as I can go
