

Beautiful

Goldfrapp

Magic maker, wish me one wish
Hold me to your light and maybe Oh, what if I say
Why don't we play
I'll wear your star I shiver, you shake it
To me I can't help it
Don't know, am I dreaming
Or have you, you haven't Stop for awhile
Why don't we play
I'll wear your star Oh, love, make me
Oh, love tasted beautiful
Oh, love, make me
Oh, love tasted critical Turn me onto your star
Show me
One night, slowly
Aching, make me Oh, what if I say
Why don't we play
I'll wear your star I'm goin' right under
Your spell has taken over
I'm feelin' your passion
Oh, there's no need for
The place where I'll wait Why don't we play
I'll wear your star Oh, love, make me
Oh, love tasted beautiful
Oh, love, make me
Oh, love tasted critical Turn me onto your star
Show me
One night, slowly
Aching, make me Oh, what if I say
Why don't we play
I'll wear your star Oh, love, make me
Oh, love tasted beautiful
Oh, love, make me
Oh, love tasted critical
