Bat Box 9

Houdinne

Verse 1
Ho I got mo money than you eva fuckin seen
Not in a million years
Sell you a billion dreams
Tell you a million lies
Right to your fuckin face
I got the brilliant smile your whole mind is now erased
Everything you thought you knew you can't remember
Decapitated you and now your head is severed
You think it's clever
I think it's holy ghost
I think it's holy water disturbing what you love the most

[Hook]
No party like a Houdinne party cause the Houdinne party don't stop(stop)
Ain't no party like a Houdinne party cause the Houdinne party don't stop(stop)
Ain't no party like a Houdinne party cause the Houdinne party don't stop(stop)
Ain't no party like a Houdinne party cause the Houdinne party don't stop(stop)

[Verse 2]
What do you know
I got the bankroll
A humana humana humana ho
I did it fo' sho
Like no one before
You get on flo
A humana humana humana ho

I got the Impala, Devil Wears Prada
I got that "fuck you if you want me on some real shit"
You got that seven figga higga digga licorice
And so the game is to be sold not told
That's why we live it up before we get old, ho

[Outro]
Would you believe me if I said I'm in love
Baby, let's stop callin me baby
Let's stop callin me crazy, crazy, crazayy
Stop talkin that shit, before you get fucked for some truck fit, bitch
