

Make Love (feat. Keke Wyatt)

Faith Evans

[Chorus]

Won't you come over cause I wanna make love
Baby just tell me if I'm doing too much
Tell me how you like it baby
Cause I really just wanna make love
You can just tell me if I'm doing too much I Just Wanna Make Love
Make Love
Make Love

[[x2]][KeKe Wyatt]

Oh

Listen pretty baby lemme tell you what I love about the way that you make me feel yeah

Ooo

Every day and every night you break it down, make it right
I'll say come on and touch me babe

Oooo[Chorus]

Won't you come over cause I wanna make love
Baby just tell me if I'm doing too much
Tell me how you like it baby
Cause I really just wanna make love
You can just tell me if I'm doing too much I Just Wanna Make Love (I wanna make)
Make Love (I wanna make)
Make Love (I wanna make love tonight)

[[x2]][Faith Evans]

Now that you hear me baby, Come and lay me down in daze

My sweet love, I can't get enough

Ooo

Every day of my life, You gotta love me right
Don't play with my heart I need you babe

oooo[Bridge]

I only wanna make you happy baby

I wanna give it all to you

Anything you want from me my baby

There's nothing that I wouldn't do[Chorus]

Won't you come over cause I wanna make love

Baby just tell me if I'm doing too much

Tell me how you like it baby

Cause I really just wanna make love

You can just tell me if I'm doing too much I Just Wanna Make Love (I wanna make)

Make Love (I wanna make)

Make Love (I wanna make love tonight)

[[x2]][Repeat Chorus][KeKe Wyatt]

We can do it again

Over again

Over again and again and again

Over again

Over again

Over again

Let Keke do it again

Do it again

Do it again and again

Let me do it

Over again

Over again
