

# A Touch Away

## Deep Purple

Mother nature's been good to me  
That's why I'm sittin in this cherry tree  
    But it's alright, it's alright  
    It's not so bad  
I'm just a touch awayThe shady lady  
    from shady lane  
    is lying in my bed again  
    and it's alright  
    it feels good  
    It's not so bad  
When she's just a touch awayNothing much  
    is all I ask  
    and it's alright, oh yes  
Light as a feather, oh yesLike a rosebud  
    when the sun is high  
    She opens up  
    before my eyes  
    and the light falls  
    on her wet skin  
    It's alright  
I'm just a touch awayNothing much  
    is all I know  
    and it's alright, oh yes  
    Light as a feather,  
and just a touch awayPut a finger to her lips again  
    She cries with pleasure  
    cries with pain  
    and it's alright  
    It feels good  
    It's not so bad  
We're just a touch awayNothing much  
    is all I know  
    Not too fast  
    Not too slow  
    and it's alright  
    Soft as a feather  
    and just a touch away
