

Fly Like The Wind (Dirty)

Lloyd Banks

chorus if it aint the witness the jewels
know it after hit make your chicks wanna choose
the hand is always working .. with the tools
if it aint on the .. 7 hundred on the shoes
I got to win damn if I lose
Whats flying in the wind has to come by the tools
I got to win damn if I lose
All my ex got cold heart and probably they are cool We are spending cash over here you swipe it
Your beef .. I aint a big type of
I think I likeem your wife and
Problem started up boy you are just
Queens bitch clean in the six in your city nigger
I aint making no team
Gucci polo his rats get smaller
Walk around the world my stacks multicolor
Private jets we aint got to change plans
Blacking out my haters .fake change
if it aint the witness the jewels
know it after hit make your chicks wanna choose
the hand is always working .. with the tools
if it aint on the .. 7 hundred on the shoes
I got to win damn if I lose
Whats flying in the wind has to come by the tools
I got to win damn if I lose
]Ive been knocking bitches on knocking bitches out
When it comes to .. the soul we got let it trying
This is vampire life we are the day breakers
.. like a piece of paper
And you better watch your step like a Chorus
