

# snaggletooth

## Flat Earth Society

Waiting for you baby  
Through the coldest days  
Huddled in the backseat of the van  
And I know a girl who  
Would wait until it's dark  
When she sings the heavens part  
They part  
OohAnd I held my ground  
When I heard those sounds  
Coming out  
And I must have cried  
When I held those handsSo do you know what I mean  
So do you know how I feel  
So do you know what I meanBaby don't you know that  
I love your snaggletooth  
I see it poking when you laugh  
And baby don't you know that  
I love those pigeon toes  
I hope that you get these pigeon lungs  
Lung  
OohAnd I held my ground  
When I heard those sounds  
Coming out  
And I must have cried  
When I held those handsSo do you know what I mean  
So do you know how I feel  
So do you know what I meanAnd I will try my best  
To take this big old hen  
And I will know his name  
And always feel the same  
And I'll light up so bright  
Any orange glow  
And I'll light so bright  
Any orange glowGlow  
OohAnd I held my ground  
When I heard those sounds  
Coming out  
And I must have cried  
When I held those handsSo do you know what I mean

So do you know how I feel  
So do you know So do you know  
So do you know what I feel
