

Heretic Beholder

Eldritch

Embodying shadows, I come in your lake
Barring my dead shows, I crawl on this rendered earth
Young crystal symbol, hung on the wall
Parasite idol, virtual upstanding forgeRecall flaring light
Recall humble lurk
Recall pale mouth
Recall endless runActing with my letargic impulse
Heretic beholder
Answered by barren fake reactionForbidden chapter, words I deny
Faithless observer, open my lonely sideRecall flaring light
Recall humble lurk
Recall pale mouth
Recall endless runActing with my letargic impulse
Heretic beholder
Answered by barren fake reaction
