

The Dream (feat. Jarrod Pugh)

Eddie James

I've been to Bethel, lay on the altar and open heaven
came over me.

God change my name and ingite a flame
He awoken my soul, it's hard to unfold. I have a dream is the dream of Heaven

I have a dream in the dream of Heaven
with angels descending and angels ascending

He revealt to me His passion and glory

I have a dream is the dream of Heaven

I have a dream is the dream of Heaven

God put His purpose in me

Now, I have a dream and the dream
it's God's dream. In my nation in this generation
there're altars of baal and the church seems hell
but there is an awaking and revival is here
we are pulling down fire with trembling and tears

Altars of false gods we tear them down

we take back our nation we hallow this crowd

o unborn our youth, our marriages saved

justice and righteousness in God's name we raise

My eyes have seen the glory of the coming of the Lord

He is trampling out the vicious the grace of wrath our sword

He has loose the faithful lighting of His terrible sweet sword

His truth is marching on

Glory, glory, glory Allehualah x 3

The dream is marching on

The dream, the dream, the dream, I am dreaming
