

Calling All Goddesses

Adore Delano

[Verse 1]

Hot Nights, mystify, Yeah we're all about it
Don't tell, cast a spell, ain't no way around it
Mermaids want to play cause we're so hypnotic
One touch, they're in love, call me Aphrodite

Too rare not to stare, they don't want to try me
You say shes ok, but there's no one like me [Pre-Chorus]

Ohhhh, everything we do is magic
Ohhhh, we make other girls look tragic [Chorus]

Calling all Goddesses

Calling all Goddesses

Calling all Goddesses

Calling all Goddesses

Calling... [Verse 2]

Get loud for the crowd, flashes pop the cameras

Taboo got Medusa to Cleopatra

Stand up your with us, They know all about you
Sirens on a mission to make it happen

We dont need to pose its not in our fashion

Unleash all we need is a heart to blacken [Pre-Chorus] [Chorus] [Bridge]

We rule the world

All eyes on us

Get it Girl

Calling all Goddesses

We rule the world

All eyes on us

Get it girl

Calling all Goddesses [Chorus]

Calling all Goddesses

Calling all Goddesses

Calling all Goddesses

Calling all Goddesses

Calling... [Outro]

We rule the world

All eyes on us

Get it Girl

Calling all Goddesses

We rule the world

All eyes on us

Get it girl

Calling all Goddesses
