

When it Feels This Good

Richard Vission VS Luciana

When it feels this good
Nothing can get any better
And on a night like this
Nothing can get any better
And when it feels this good
Nothing can get any better
And on a night like this
Nothing can get any better You want me 'cause I got that swagger I want your candy
Come on make it dirty
Tippin' on my headlight
Lay your swagger on me
I want your candy
Come on make it dirty
Tippin' on my headlight
Lay your swagger on me Let me part your zipper
Rock you like a stripper
Pump it pump it harder
Slick slick my prada You want me 'cause I got that swagger And when it feels this good
Nothing can get any better
And on a night like this
Nothing can get any better
And when it feels this good
Nothing can get any better
And on a night like this
Nothing can get any better You want me 'cause I got that swagger I want your candy
Come on make it dirty
Tippin' on my headlight
Lay your swagger on me
I want your candy
Come on make it dirty
Tippin' on my headlight
Lay your swagger on me Let me be your kisser
Let me be your good time
Ride on the big dipper
(Ride on the big dipper)
Licky lick my guitar
(Licky lick my guitar)
Sticky sticky fingers
You want me 'cause I got that swagger I can't get enough

Can't get enough And when it feels feels good
Nothing can get any better
And on a night like this
Nothing can get any better
And when it feels this good
Nothing can get any better
And on a night like this
Nothing can get any be... You want me 'cause I got that swagger
