I Hate Soap Operas

Inspection 12

Do you enjoy it
Does it give you pleasure
To constantly struggle and brawl?
Is it out of boredom
That springs this conception
To flaunt your position to all?
Looking back I'm glad to be
Less like you and more like me
Satisfied, carefree
Don't abuse the right to speak your mind
Or get in fights to take up time
I won't be victimized by you, yea yea
Cause I hate soap operas.
