Feel Complete (feat. Adrian Bonacker)

Lee & Sun

don't you see, you should be with me
and i believe, that we are meant to be
i got what you need, with you i feel complete (x2)
don't you see, you belong to me
i believe, that you see what i see
i got what you need, with you i feel complete (x2)
feel complete (x3)
don't you see, you should be with me
and i believe, that we are meant to be
i got what you need, with you i feel complete (x2)
don't you see, you belong to me
i believe, that you see what i see
i got what you need, with you i feel complete (x2)
feel complete (x2)
