

Pissed Off and Mad About It

Texas Hippie Coalition

This is how I feel
And this is so surreal
And this is so unreal
And this is how I feel

Yes, you've heard about it
Pissed off and mad about it
So let me scream and shout it
Pissed off and mad about it
Yes, you've heard about it
Pissed off and mad about it
So let me scream and shout it
Pissed off and mad about it

This is the pain revealed
And this is the truth unsealed
And this is the sword I wield
And this is my battlefield

Yes, you've heard about it
Pissed off and mad about it
So let me scream and shout it
Pissed off and mad about it
Yes, you've heard about it
Pissed off and mad about it
So let me scream and shout it
Pissed off and mad about it

This is how I feel
And this is so surreal
And this is so unreal
And this is how I feel

Yes, you've heard about it
Pissed off and mad about it
So let me scream and shout it
Pissed off and mad about it
Yes, you've heard about it
Pissed off and mad about it
So let me scream and shout it

Pissed off and mad about it
