

Scared As You

The Cure

You know those things I've said
All those things that made you cry
I didn't really mean that stuff
I didn't really mean that stuff All I ever really mean
When I scream and shout the way I do
Is I don't know, I really don't
I'm just the same as you
Just the same as you You know those things I said
All those things that made you
Run away from me, I didn't mean a word
I didn't really mean, I don't believe All I ever really mean
When I ran and rave the way I do
Is I'm scared, again
Just as scared as you would be And sometimes it's so hard
To just throw it all away
And sometimes it's so hard
To just throw it all away Like all those things I've said
All those things that made you cry
I didn't really mean that stuff
I didn't really mean to say goodbye
I didn't really mean to say goodbye You know those things I said
All those things that made you
Run away from me, I didn't mean a word
I didn't really mean, I don't believe I ever really mean
When I scream and shout the way I do
Is I'm scared, yeah
Just as scared as you would be And sometimes it's so hard
To just throw it all away
Sometimes it's so hard
To just throw it all away Sometimes it's so hard
To just throw it all away
Sometimes it's so hard
To just throw it all away
Just throw it all away
To just throw it all away
