If 6 Were 9

Keke Palmer

From the way that you smile
to the things you do hey
you could be miles away i still feel close to you
your heart in my heart boy you know they came in twos
long as i got you in my corner
i can't lose hey
Pre-Chrous:
circumstances couldn't change a thing
nothing matters to love
Chrous:
If night were day even if i was down
if the sky were grey i would always be around
we'd be fine if 6 were 9 hey
we'd be fine if 6 were 9
wouldn't make a difference to me if they changed everything
we'd be fine we'd be alright
if 6 were 9
From the day that i met you
its been all bout you ey
there's nobody better everyday's brand new
your heart in my heart boy you know they came in twos
long as i got you in my corner
i can't lose

Pre-Chrous:
circumstances couldn't change a thing
nothing matters to love
Chrous:
If night were day even if i was down
if the sky were grey i would always be around
we'd be fine if 6 were 9 hey
we'd be fine if 6 were 9
wouldn't make a difference to me if they changed everything
we'd be fine we'd be alright
if 6 were 9
Bridge:
if black were white oh
if left was right oh
we'd be fine we'd be fine

we'd be alright if 6 were 9
Chrous:
If night were day even if i was down
if the sky were grey i would always be around
we'd be fine if 6 were 9
we'd be fine if 6 were 9
wouldn't make a difference to me if they changed everything
we'd be fine if 6 were 9
