## Latice Crawford

Author:

I wait until I'm down to nothing  
To talk to you again  
I've had so many chances before  
But I was busy doing other things  
Trying to write my own story  
But I'm quickly realizing  
That I am only the paper  
And YOU are the Pen

So, AUTHOR...write me better  
Potter....mold me better  
Constructor.....rebuild me better  
Maker.....make me better

I tried and fell so many times  
Cheated a lot trying to fix my life  
But, you're the only one  
That can take my filthiness  
Wash me in Blood  
Call me clean, make my wrong righteousness

AUTHOR.....Please write me better  
Potter.....mold me better  
Constructor.....rebuild me better  
Maker.....(make me better)...make me better

Please bend me in shape  
Me in your own (Lord give me directions, I'll follow them)  
I'm broken (I'm broken please fix me Lord, I'll keep still)  
I'm empty, please fill me up with Purpose

AUTHOR....write me better  
Potter....mold me better  
Constructor...rebuild me better  
Maker.....make me better

I just wanna be better.....
