My Medicine (R.O.C.K)

Crazy Lixx

you've been to the doctor, you've been to the medicine man
no one could tell you the condition you have
you went to the preacher to drive the demons out of your head
but nothing could reverse this spellif you're just sick and tired of feeling down and lonely
well let me tell you i've got just the thing for you
i've got a recepy that's sure to get you going
and it ain't about sex, no
no it ain't about drugs[chorus]
R.O.C.K that's what you'll get from me
it's my medicine. all that you need's a little R.O.C.K
it's a guarantee. yeah it's the cure
all you need is some rockin' babyyou don't need no miracle, no laying of hands
you don't need an x-ray or a full body scan
this ain't no sickness, this ain't no common disease
babe, you need some expertiseif you're just sick and tired of feeling down and lonely
well let me tell you i've got just the thing for you
i've got a recepy that's sure to get you going
and it ain't about sex, no
no it ain't about drugs[chorus]
R.O.C.K that's what you'll get from me
it's my medicine. all that you need's a little R.O.C.K
it's a guarantee. yeah it's the cure
all you need is some rockin' babyif you're feeling down
you gotta' turn it up come on play it loud
move it to the sound, a little rockin's what it's all about
it's the remedy. you don't need no pill 'cause it's all for free
so when you feel like you've caught that fever baby
come on rock with me
