

# Down In a Ditch (Dance Mix)

Joe Diffie

I'm runnin' this shovel way down in a ditch  
When you're down in a ditch it's a son of gun  
Any fool knows you'll never get rich  
When you're down in a ditch in the Tennessee sun All I got to show is blisters and sweat  
Blisters and sweat and minimum pay  
I'm just tryin' to get out of debt  
And buddy I bet you I make it someday Well I wish that I was the man with the clipboard  
Sittin' in the shade with an RC cola  
Makin' calls on the cellular phone  
And yellin' down at me to keep my butt a movin' I'm runnin' this shovel way down in a ditch  
When you're down in a ditch it's a son of gun  
Any fool knows you'll never get rich  
When you're down in a ditch in the Tennessee sun Someday you'll see me workin' that clipboard  
Sittin' in the cab of a cool silverado  
Tuned in to a country station  
Rollin' down the window just to holler out orders To the fool with the shovel way down in a ditch  
When you're down in a ditch it's a son of a gun  
Everybody knows you'll never get rich  
Workin' down in a ditch in the Tennessee sun I'm runnin' this shovel way down in a ditch  
When you're down in a ditch it's a son of gun  
Any fool knows you'll never get rich  
When you're down in a ditch in the Tennessee sun
